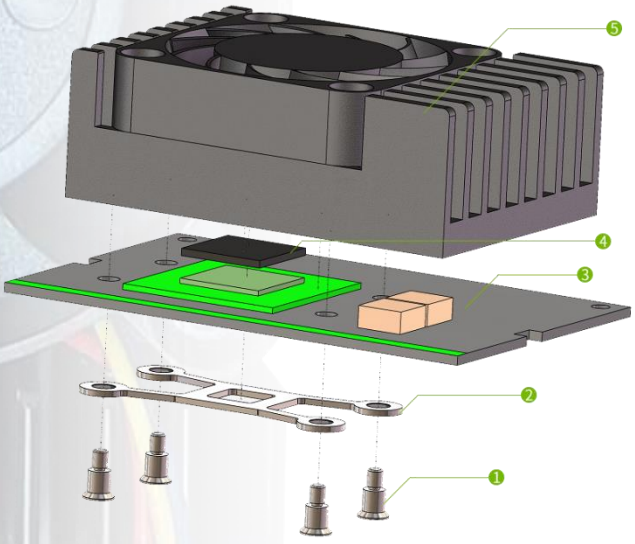
Active heat sink for Nano module
PN: RTS-NANO-HS03
Adaptive NVIDIA Jetson Nano
Hardware Version: V1.0

| Product standard | |
|---|---|
| Type | RTS-NANO-HS03 |
| Product Name | Active radiator dedicated to Nano module |
| Dimensions | 58mm*40mm*20mm |
| Material | Aluminum alloy high thermal conductivity composite material |
| Product Features | High strength and corrosion resistance |
| Weight | 50g |
| Power Wiring | Black line-GND,Red line-+5V,<br>Yellow wire - TACH, Blue wire - PWM |



1. Screw. 2. Bracket gasket. 3. Nano core module.
4. Thermal pad. 5. Nano dedicated radiator
